LRMP Management Areas

- 2A-1: Emphasis is on dispersed recreation and semi-primitive opportunities. Minerals/energy activities, grazing, vegetation manipulation allowed. No timber harvest planned.
- 5B: Emphasis is on long-term timber outputs with moderate investment in regeneration and thinning.
- 6A: Emphasis is on protection/interpretation of unusual scenic, archaeological, historical, geological, botanical, zoological, paleontological, or other characteristics.
- 6.1A: Recommended for withdrawal from locatable mineral entry. Closed to mineral sales and leasing.
- 8A: Emphasis is to manage nonforested areas to improve soil and vegetative conditions and provide forage for domestic livestock.
