

2001 Idaho Update

U.S. Department of the Interior
Bureau of Land Management

The BLM Mission

The Bureau of Land Management (BLM) is responsible for the stewardship of our public lands. It is committed to manage, protect, and improve these lands to serve the needs of the American people for all times. The BLM bases its management on the principles of multiple use and sustained yield of our nation's resources within a framework of environmental responsibility and scientific technology. These resources include recreation; rangelands; timber; minerals; watershed; fish and wildlife; wilderness; clean air and water; and scenic, scientific, and cultural values.
